AT DROMOLAND

Sensory serenity, history and luxury combined. Nestled deep within the historic stone walls of County Clare's iconic 16th century castle estate, The Castle Spa at Dromoland promises restful therapies, soothing treatments and invigorating beauty rituals, all inspired by one of Dromoland Castle's most revered guardians, Lady Ethel.

Facial Therapy – Dr. Barbara Sturm

Sturmglow

The signature #SturmGlow facial contains a combination of massage techniques, increasing blood and oxygen flow, whilst toning and defining facial muscles. This revitalising facial will cleanse, nourish and awaken the skin, and help restore the complexion's natural and healthy looking glow. Hyaluronic ampoules are infused into the skin and provide intensive hydration at both upper and deeper skin layers.

This facial targets key areas of concern to instantly smooth fine lines, reduce puffiness, lift and define the cheekbones and jawline, and give skin a youthful glow.

Super Anti-aging

The antioxidant infused and peptide rich, anti-aging serum reduces fine lines and wrinkles and revives stressed skin. The anti-gravity facial massage lifts the jawline and neck to achieve a re-sculpting effect.

Clarifying

Formulated for blemish-prone skin. It directly improves the skin's barrier and helps to restore its natural balance. The active ingredient complex reduces discomfort and alleviates skin sensitivity.

Irritation and redness are calmed leaving the skin smoother, hydrated and healthier looking.

Anti-pigmentation

A brightening facial designed to combat lacklustre and uneven complexions, using a cocktail of nurturing and nutritive ingredients.

The brightening facial decreases the appearance of hyperpigmentation while combatting the oxidative stresses that cause premature and aging dark spots. Your skin is left smoother, brighter and more vibrant-looking.

OSKIA

The OSKIA Illuminating Facial

This facial uses a combination of anti-aging techniques to illuminate the skin to leave face, body and mind feeling rejuvenated and the skin brighter, hydrated and toned. Fragrant steam and aromatic compresses combined with a passion fruit enzyme, liposomes and AHA mask to accelerate cellular renewal, while a warm rose oil mask hydrates and smooths the skin.

Indulgent Escape

This conditioning facial is perfect for those who want to unwind and float through the remainder of the day with skin that is renewed, yet barrier function supported. This treatment is completed with a deeply soothing neck and shoulder massage using the 'Rose de Mai Skin Soothing Massage Candle' to leave you in a deeply relaxed state.

Seabody

Seabody Touch Facial

Harnessing the power of marine bio actives, which offer both immediate and long-term benefits to the skin, the Seabody Touch Facial uses Gua Sha facial massage techniques that boost circulation, support the lymphatic system and reduce muscle tension.

Body Treatments

OSKIA Renaissance Vitamin Body Glow

A luxurious dual-action, full-body ritual designed to indulgently smooth, soften and brighten your body from top to toe. Fine pink Himalayan salt, fruit enzymes and starflower oil perfectly prepare the skin for the warm, velvet-clay body-mask that follows. While the nourishing bio-nutritional actives are drawn into the skin, a meditative face and scalp massage lull you into a state of deep relaxation.

Seabody Rebalance

This transformative rebalance therapy begins with breath work and a grounding ceremony to bring about a feeling of wellbeing. A full body exfoliation stimulates and refines the skin followed by a hydrating and detoxing cold pressed sea gel body mask with a facial cleanse and scalp massage. A therapeutic experience from head to toe.
